COMPANY BACKGROUND

Masiyabu Trading and General Civil Construction was founded by Mr Siyabulela Somfongo who has a deep passion for the construction industry. He has an excitement and zeal of making a positive contribution to the market by changing the lives of his clients and other stakeholders through excellent service delivery.

One of his primary goals is to also empower the youth in his community by offering them with employment opportunities so that in turn they will be able to make a difference in the lives.

He aims to forge his own path in the industry by using his knowledge and expertise in growing the business and also pulling in some of the youth to benefit from this initiative as he plans to use some of the youth owned construction businesses as sub-contractors in his projects in order for them to gain the experience and exposure he has accumulated over the years while working for some of the major players in the industry.

The company as represented by the Eagle “Logo”, boasts of its success of being able to fly up high in its achievement and takes every challenge and failure as a trap to succeed amongst its competitors.

BUSINESS OUTLINE

- We aim to be an active and recognizable member in the construction industry through our dedication and expertise.
- We also aim to provide our services to the best of our abilities in the manner expected by our clients.
- We believe in the competitive nature of the industry as we see competition not only as a challenge but also an opportunity for one to grow and prosper as a business through the acknowledgement of one's weaknesses and building on one's strengths.
- Through the adaptation of unique and client oriented business models that encourages maximum client interaction, we want to grow the company into one of the respected and trusted names in the construction business.

MISSION STATEMENT

To effectively and efficiently provide quality service that will surpass customer expectation by never compromising on the quality of our materials in order to preserve the integrity and reputation of the business, amongst the customers and other stakeholders. To open effective lines of communication with our clients and stakeholders to ensure the ultimate success of the projects we undertake.

Vision

We strive to be the leader in the Construction Industry by providing a quality reliable service to our clients, contributing to youth empowerment and the overall socio-economic development of the country as a whole.

The key factors that drive our vision are:

- Creativity and Innovation
- Environmental awareness
- Youth and community empowerment
- Effective and efficient services through cutting edge Technology

Values

- Sustainable long term relationship with customers, suppliers and community at large
- Excellent and timely service delivery
- Honesty and integrity
- Professionalism and commitment to standards
- Creativity and Innovation through Team work

WHAT WE OFFER

We provide comprehensive construction and support services by offering advice before and after the implementation of the project, as well as quality assurance and project layout and evaluation services. We undertake all construction related projects from single home or residential projects, to commercial developments, office parks renovations and alterations.

We work closely with our clients during each phase of construction to ensure that the project is completed on time and within budget, we take every precaution to ensure safety of every person involved in the project and that the building meets every aspect desired by the client.

We also provide project management services such as safety programs, coordinate site and building plans, and provide progress reports to client so that they are aware of every development in the project.
